MESSAGE FROM THE DIRECTOR'S DESK

“ Director's Message

Phoenix Institute stands for discipline, regularity and its commitment to excellence. We also strive to keep ourselves abreast of our times to be able to create an environment at Institute that nurtures social, physical, intellectual and emotional domains of our children to make them understand that every one of them are special.

One of the things that bothered me, when I was a student, was the average and below average performers, who needed immense help, guidance and motivation to be able to improve on their academic performance. To plug this gap, we - at Phoenix, have a team of passionate educators for teaching, revision, counseling, doubt solution, tests & evaluation.

It is said that “Never judge a book by its cover” but, unfortunately, our system still works on results and mark sheets. There is no doubt solving that it is important to pursue ones passion but academic performance holds equal importance in securing admissions to top universities to study and top industries to work. At Phoenix, we help students to select their interests, in advance, which helps them to identify their talent and to work in the correct direction.

PHOENIX FEATURES

PERSONAL CARE & PERSONAL TEACHING

It is said that every student has different patterns of learning and understanding concept. So it is quite natural to have doubts in topics that do not match their frequency of grasping. So teachers at PHOENIX always take it as their responsibility to bridge the gap between understanding concept & preparing the topics.

Here at Phoenix we individually focus on the weak topics of every student by providing them one to one personal doubt solving sessions to ensure overall preparation.

DAILY READING PLANNER

A daily reading planner is provided to students to plan their studies accordingly. It helps students in getting punctual and plan their respective subject learning accordingly.
